## TANNING HUMAN SKIN.

Ghoulish Business Reported Carried on  
in "Frisco."

San Francisco, Cal., Feb. 14.—It has  
become known that several young men  
have organized a partnership for dealing  
in human skin stripped from corpses in  
hospital and college dissecting rooms,  
tanned and made into purses and arti-  
cles of wearing apparel.

This ghoulish business, it is said,  
has been in operation some time, and  
its owners have made considerable money.  
A day or two ago two men who de-  
clined to tell their names, but who said  
they were medical students living in San  
Francisco, called on the president of a  
tanning company of West Berkeley and  
asked him to prepare some human skin  
for commercial purposes. With them  
they had two pieces of cuticle, each  
about a foot square, which they admit-  
ted they had stripped from a body in a  
dissecting room. They said they in-  
tended making slippers of the skin. The  
commission was declined.

Other tanners have also been ap-  
proached by embryo physicians who are  
engaged in the traffic.  
It is said that articles made from the  
skin of men and women have been  
carried from California to all portions  
of the country.

## NO RACE SUICIDE HERE.

Illinois Woman Gives Birth to Her Thir-  
tieth Child.

Bloomington Ill., Feb. 14.—McDonald  
Hall and his wife of Champaign county,  
claim the honor of being the most nota-  
ble supporters of President Roosevelt's  
anti-race suicide doctrine.

Mrs. Hall has just presented her proud  
husband with their 30th child. The  
latest is a girl and is named Margaret.  
The parents honor great characters in  
the selection of names for some of the  
thirty. Among them are George Wash-  
ington, Thomas Jefferson, Patrick Henry,  
Victoria Regina, Abraham Lincoln, Lu-  
cretia Borgia, Victor Emmanuel, Susan  
B. Anthony, Ulysses Grant, William T.  
Sherman, Philip Sheridan, Cassie Chad-  
wick, Grover Cleveland (the latter sub-  
sequently changed to Benjamin Harrison  
for political reasons), William McKin-  
ley, Henry Ward Beecher and Shields  
Blaine. The others are only able to  
boast of commonplace names.

## It Was Maggie!

"Say, Jim, on the level, has your wife  
got the physical culture bug?"  
"Sure not. What's make her?"  
"Mine has. You remember when I left  
you, last night? Well, I faded into the  
house at 3 a. m. and saw Maggie stretch-  
ing out on the parlor rug trying to kick  
the back of her neck with the big toe.  
Then she got up and grabbed the bed  
room door and began to hoist her leg  
to the ceiling. She kicked twenty times,  
first with one leg and then with the  
other. I thought I was seeing things,  
and said to myself, 'Johnny, better cut  
it out; that last drink did it.' Finally,  
I couldn't stand it any longer, and said,  
kind of husky like: 'Is that you, Mag-  
gie?'"

"Of course it is, and if you did this  
exercise twice a day you wouldn't be  
short-winded, and it would reduce that  
waist measure of yours. You're a sight.  
And she kept on kicking. It's a great  
game. Mine's whiskey. What's yours?"  
"Beer," replied Jim, with a thought-  
ful look.—Albany Journal.

## ABOUT THE STATE.

Items of Interest Gleaned From Our  
Exchanges.

Daniel Cutting, aged 35 years, a well  
known resident of Starksboro, was found  
dead in bed Saturday morning. Heart  
disease is supposed to have been the  
cause of his death.

Scores of Rutland lumbermen left on  
Friday and Saturday for the lumber  
camps in the woods about that city to  
resume their lumber operations after  
having to lay off on account of there  
being no snow.

Legal action may be commenced soon  
by the city of Burlington, it is said,  
against F. H. Crandall, former superin-  
tendent of the water department, on the  
grounds that he has papers which be-  
long to the water department which he  
has not turned over to the city.

The merchants of Rutland are dis-  
cussing the advisability of arranging a  
merchant's express company between  
Boston, New York, Albany and Ver-  
mont cities, in order to get lower ex-  
press rates than the exorbitant ones now  
charged by the express companies.

Dr. S. E. Darling of Hardwick has  
issued a statement in regard to the  
bologna sausage poisoning in that town  
among 20 or more Italians. The sausage  
was sent to the state laboratory at  
Burlington and the state chemist sent  
back his report that the sausage was  
decayed at the time it was sold to the  
Italians and that it was the decayed  
animal matter which caused the illness  
of so many of those who ate it.

The number of marriages in Stowe  
during the year 1905 was 14; number  
of births, 48, 26 males and 22 females;  
number of deaths, 29, 15 males and 14  
females; the number of deaths of per-  
sons less than one year of age, seven,  
7 between one and two; one between 20  
and 30; one between 30 and 40; two be-  
tween 40 and 50; one between 50 and  
60; one between 60 and 70; two between  
70 and 80; six over 80, and one supposed  
to be over 100 years old.

## Strike Rich Marble Deposit.

F. H. Button and Seneca E. Smith of  
Clarendon, who recently discovered ex-  
tensive deposits of marble on their  
farms in that town, have become con-  
vinced that the stone is not lime. As  
a matter of fact, these two Clarendon  
men have a product that is about the  
finest produced in America for structural  
material and, in some respects, surpasses  
Italian marble. It is hard, durable,  
possesses richness of color and the polish  
shows fine grain. Experts, several  
of them, have gone over the premises of  
the two men and have found that the  
deposits are extremely valuable, prin-  
cipally for the reason that their location  
is within a few yards of the railroad  
tracks, thus making it possible to erect  
derrick and swing the marble slabs  
from the quarries or mill shed to flat  
cars. The great item of transportation  
does not trouble them and, financially,  
it is quite an important factor in mar-  
ble quarrying. Both men have been ap-  
proached by marble interests on the dis-  
posal of the rights to quarry, but  
they have declined just what action they  
will take. It is possible that they will  
commence quarrying on a small scale them-  
selves, or form a stock company. Friends  
of both Mr. Smith and Mr. Button are  
extending their congratulations with re-  
ference to their good luck. While the  
two farms were occupied for years by  
the fathers of both men, and the crop-  
pings were frequently upon the surface  
of pasture lots and in fields, it was al-  
ways supposed that they were nothing  
more than limestone, and consequently  
valueless.

## Grave Trouble Foreseen.

"It needs but little foresight to tell  
that when your stomach and liver are  
badly affected grave trouble is ahead,  
unless you take the proper medicine for  
your disease, as Mrs. John A. Young of  
Clay, N. Y. did. She says: 'I had  
neuralgia of the liver and stomach, my  
heart was weakened and I could not eat.  
I was very bad for a long time, but in  
Electric Bitters I found just what I  
needed. For many quick relief and  
cure.' Best medicine for weak  
women. Sold under guarantee by Rick-  
ert & Wells, druggists, at 50c a bottle."

your druggist, will guarantee that

## SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now  
Facts of Science.

It is the rarest thing in the world for  
a man to be necessarily bald. No man  
whose hair is not dead at the roots, need  
be bald if he will use Newbro's Herpic-  
ide, the new scalp antiseptic. Herpic-  
ide destroys the germ that cuts the hair  
off at the root; and cleans the scalp of  
dandruff and leaves it in a perfectly  
healthy condition. Mr. Mannett, in the  
Maryland Block, Butte, Mont., was en-  
tirely bald. In less than a month Herpic-  
ide had removed the enemies of hair  
growth, and nature did its work by cov-  
ering his head with thick hair an inch  
long, and in six weeks he had a normal  
cut of hair. Sold by leading druggists  
and in stamps for sale to The  
Herpicide Co., Detroit, Mich.

## Indian Debt Paying.

The Indians are honest, but their rent  
money is not always enough to pay  
their debts; so the debts continue. Mr.  
Miller declares that they now owe him  
\$22,000. One owed him \$200 on a cer-  
tain setting day. He owed another man  
\$300. He was receiving from the agent  
\$300, \$100 of which he had immediate  
need for. He tucked away his own \$100,  
and then paid the other man.

"Look here," said Mr. Miller, "where's  
my \$200?"

The Indian drew him aside confidentially.

"Me no like other feller," he said.  
"Bad man. Pay him. ell go away. You  
stay here; me stay here. You good  
man. Me pay you some other time."

## Keep Your Nerve

It is nerve energy that runs  
the organs of your body. The  
storage battery is the nerve  
cells in the brain and spinal  
cord, and from this battery  
nerve force is sent out through  
the system of nerves. To keep  
the body healthy you must  
have plenty of nerve force; if  
you have not, the organs work  
imperfectly, the circulation is  
sluggish, digestion bad, appet-  
ite poor, kidneys inactive, and  
aches, pains and misery are  
the penalty.

You can keep the system  
strong with Dr. Miles' Nerve-  
nerve. It assists in generating nerve  
energy; it strengthens the  
nerves and makes the whole  
system strong and vigorous.

"I take pleasure in recommending  
Dr. Miles' Nerve-nerve to those suffering  
from nervous prostration, insomnia  
and melancholy. After several  
months of suffering from above  
troubles, I tried this medicine and found im-  
mediate relief. It soothes and strength-  
ens the nerves, chases away the  
gloom and depressing thoughts and  
gives the sufferer renewed strength  
and hope. It is a superb nerve re-  
storer."
